

Completer Impact Report 2024-2025

Kansas is one of the states where sharing state assessment and other sorts of data is against regulation. We have gathered impact data reflected in awards, leadership initiatives, advanced licensure and certifications, and activities graduates have participated in or earned. Information was primarily collected from Alumni and Employer surveys collected from Spring 2023-Spring 2026.

Alumni Awards, Leadership, Advanced Licensure, Activities 2023-2026 Report
